We are retiring from hobby farming and are selling our place. In addition to a net zero ready house and newer additional structures (insulated barn, authentic pizza oven, all wood porch, cold cellar) the 5 acre permaculture orchard hosts an amazing variety of productive fruit and trees and shrubs as well as asparagus:

14 apple trees

15 cherry shrubs (romance series)

30 black raspberry shrubs

5 chum trees

4 mulberry trees

7 black currant shrubs (Titania)

4 witch hazel shrubs

4 paw paws

6 pear trees

30 grapevines (mostly seedless table grapes)

5 plum trees

20 hazel shrubs

4 heart nut trees

Here is a link to the listing:
